## BOY OR GIRL?

In districts where war has cut heavily into the male population, sex is an American scientist, Nature, compensates for this loss of man power by causing more boys to be born than girls.

Nature is the great balancer. Operating with laws of which man knows nothing, and is not yet fit to know anything, she controls the vital statistics and thus the destinies of nations.

Medical science declares that man has not yet discovered anything about the determination of sex. Dr. Bernard Macfadden, famous health Macfadden claims to have discovered a system whereby man can control the sex of his children himself. This system has received much investigation in Germany and has been studied intensively in America.

Whether this knowledge, again broadcast, would help much or not is doubtful.

Nature, nations could, by applying this method, build up great fighting machines without the cultural and refining influences of a large female population. Nature works out a new balance according to some plan. Man would determine the sex of his offspring according to prejudice, fancy or whim.

Better trust to Nature, for a while anyway. Man is still too feeble to hold his destiny entirely in his own hands.—Vancouver Sun.

## WAR ON PRUDERY

American Liberty League, formed to combat prudery in literature, will probably be interested in the hull-burly picture now being exhibited at Peoria, Illinois.

New stories say that theatrical posters depicting dancing girls with bare legs, have caused so much public indignation in Peoria that the city is to be "cleaned up."

Anybody whose morals could be upset by a pair of bare legs must be tolerant to the start with. If these posters have been enough to offend the prudish, why not offend Peoria citizens, the clean-up process should be started in their minds first.

Modesty is a quality of the soul and no look, picture or theatrical exhibition can effect it one way or the other.

An unusual woman is one who says the security of domestic doesn't bother her because she couldn't afford to have one anyway.

## 35 Years of Protection Yielded \$42694 Profit

TAKE the Mutual Life Endowment policy number 17631, which matured last year. Premiums, during the period of 35 years of the policy ran, totalled \$590.64. The Mutual Life of Canada paid \$1,017.58. That means that after 35 years of insurance protection, during the whole of which the company was responsible for the full face value of the policy, this policyholder received his money back, plus \$426.94. In other words, for every \$100 he paid in to the company, the company paid him back \$722.28.

This case is not exceptional. If you wish to know more about the Mutual Profit-Participating Endowment Policy, the coupon below is ready at your disposal. Fill in, mail to us, and the information will be forwarded promptly.

**THE MUTUAL LIFE OF Canada: Waterloo, Ontario**

## LETHBRIDGE RE-ELECTS HARDIE AS MAYOR

Lethbridge, December 11.—In a re-elected a record vote of 2,001 including rejected ballots. Mayor Hardie was re-elected mayor over Dr. Lowing by a majority of 300. For advisory commission, the voting for which was by the preferential ballot, James Baird was elected over Donald McNeill, who led in the first choices, by 17 votes on the third count.

For school trustees, Rev. Cecil Swanson and Dr. Thomson were elected, the former having the poll. The result stands as follows after Monday's vote:

Mayor—William Duncan Hardie (re-elected).  
Advisory Commission—James Baird.  
Public School Trustees—Rev. Cecil Swanson; Dr. Robert Bolton Cairns; Thomson (re-elected).

Some are born bank directors, some acquire seats on the Board while, others take no chances at all of being sent to jail.

So strong is the force of habit. Men go out fishing and hunting not just the same as they did before we had prohibition.

### New District Agriculturists

Appointment is announced by Hon. George H. Milroy, Minister of Agriculture, this week of Messrs. A. E. Johnson and W. H. Newcomb as district agriculturists for the new districts of Grande Prairie and Mr. Newcomb to the Peace River.

Mr. Johnson to be stationed at Grande Prairie and Mr. Newcomb to be stationed at Peace River.

The staff of district agriculturists now comprises six, namely:

- Mr. Johnson, located at Lethbridge
- James Murray, Medicine Hat
- W. H. Scott at Sedgwick
- Mr. Newcomb at Peace River
- Mr. Macdonald at Calgary
- Mr. Macdonald at Calgary

This is in line with the policy of the department in developing the system of agriculture in the west, under conditions warrant and suitable men are procurable.

Mr. Johnson is a graduate of Manitoba Agricultural College, and for some years has been managing the experimental ranch north of the town of Taber.

Mr. Newcomb is also a graduate of Manitoba Agricultural College, and for five years was district agriculturist at Regina.
